## Product Overview

### Detector LED Indicators

LED "A" Indicator Light	CO Level
Blue - Solid	Power on
Blue - Flashing every 12 seconds	Detector is sampling, CO PPM under 10
Amber - Flashing once, every 12 seconds	Detector is sampling, CO PPM between 10 - 19
Amber - Flashing twice, every 12 seconds	Detector is sampling, CO PPM between 20 - 29
Amber - Flashing three times, every 12 seconds	Detector is sampling, CO PPM between 30 - 39
Amber - Flashing four times, every 12 seconds	Detector is sampling, CO PPM between 40 - 49
Red - Flashing once, every 12 seconds	Detector is sampling, CO PPM between 50 - 99
Red - Flashing twice, every 12 seconds	Detector is sampling, CO PPM between 100 - 149
Red - Flashing three times, every 12 seconds	Detector is sampling, CO PPM between 150 - 199
Red - Flashing four times, every 12 seconds	Detector is sampling, CO PPM above 200

## Product Overview

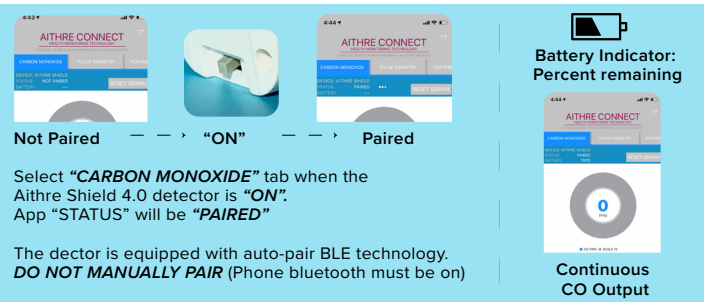

### Detector Audible Indicators

Audible Indicators	CO Level/Battery Level
No Tone	Detector Sampling, when ON, CO PPM below 50
One Tone - Every 2 minutes	Detector is sampling, CO PPM between 50 - 99
Two Tones - Every 2 minutes	Detector is sampling, CO PPM between 100 - 149
Three Tones - Every 2 minutes	Detector is sampling, CO PPM between 150 - 199
Four Tones - Every 2 minutes	Detector is sampling, CO PPM above 200
One Chirp - Every 15 minutes	Battery Level under 30%
One Chirp - Every 1 minute	Battery Level under 10%
One Chirp - Every 30 seconds	Battery Level under 5%

## Safety and Care

1. Ensure adequate airflow around detector for accurate readings.
2. Keep detector out of extreme heat and extreme cold.
3. Keep detector away from water and moisture.
4. Do not use in dusty conditions.
5. Do not drop detector.
6. Do not take the detector or charger apart, except under AITHRE instructions.

## Warranty Card

1. A warranty card, with issued serial number, is provided.
2. Please fill out the requested information.
3. You may retain the top portion.
4. Return the bottom portion for 1 year limited warranty.
